Restraining orders don't do anything in Ohio- I tried to get a protection order which is what started this whole investigation

And that should go through soon finally

It's hard bc you have to prove immediate danger

Legal system is tough

Basically you have to prove he will kill u to get a protection order

Geesh! Even w the pics?
Didn't law enforcement come to your place ever??

I thank you for your support - it means a lot. It hurts when I hear what he tells people about me. But I've realized no matter what he will say anything to hide the truth. I knew that going into this so I was prepared in a way

I am praying for you!!! I wouldn't listen to him anyway. He doesn't talk to anyone about you. I know the truth. Please take care of yourself and let me know what I could help

Thank you.
